Fitch's Mansion

This incredibly rare find is this 1850 Gothic manse built by Ezra Fitch, co-founder of **Abercrombie & Fitch**. Fitch's former summer home boasts spacious rooms with 12' ceilings, ten bedrooms and five bathrooms. The grand entrance is marked by original stone pillars and winds past expansive grounds including seasonal Hudson River & Berkshire Mountain views. Original details abound, including wood work, parquet floors, crown moldings and more. With extensive renovation already done, including a geothermal heating system, Fitch's Mansion could be a grand private residence or inn. With its conservatory, bay windows, seven gables and ten working fireplaces, the property presents a truly unique opportunity. NYC: 2.25 hours. EXCLUSIVE
