Stylish Milan Farmhouse

This quintessential 18th century farmhouse on a quiet country road in Milan has it all: old world charm with modern improvements in a peaceful setting on five acres. Sited on a bend in the road lined with stone walls, the house has lovely views of the large pond across the street. The front porch was recently rebuilt with blue stone and the entire house was painted a sleek dark grey. The interior features beautiful wide plank wood floors, hand hewn beams, modern open kitchen, large pantry, and a cozy living room with fireplace. One bedroom and bath on the main floor, and two generous bedrooms and another full bath upstairs. A matching detached garage and an old barn complete this charming country retreat.
