Re: Kortbus Property T. Red Hook
Tax Map Number 15-6374-00-500183

Dear Mr Kortbus:

The plan for the above referenced project was approved on March 13, 2015 as meeting the appropriate and applied technical standards, guidelines, policies and procedures for arrangement of sewage disposal and treatment and water supply facilities. Said approval showed 1 lot. As a condition of approval, a construction inspection by a representative of the Dutchess County Department of Health shall be conducted to determine that construction at the time of inspection was completed in general conformance with the approved plan and any amendment thereof.

Before you undertake construction, contact the Town of Red Hook Building Inspector and complete an application for a building permit (DC SAN 34), if required. When this form has been submitted to and processed by this Department, you will be contacted by our field office to schedule a pre-construction conference to ensure that the arrangements for water supply and sewage disposal are commenced in accordance with the approved plans and amendments thereto and generally accepted standards.

Approval of the plan or amendment thereof shall terminate and thereafter be null and void unless construction is undertaken within five (5) years from the date of approval. Resubmission or revised submission of plans and/or associated documents shall be subject to compliance with the technical standards, guidelines, policies and procedures in effect at the time of resubmission.

The approved plan will be given to your engineer.
